## RAGING RECTANGLES

Number of Players: Two
Materials: Two number cubes, gameboard, crayon per player
Directions: In turn each player rolls the cubes. A player outlines and colors a rectangle on the gameboard to match the cubes. (Ex. a roll of 6 and $3=\mathrm{a} 6 \times 3$ rectangle or a $3 \times 6$ rectangle). Player writes the total number of squares (area) in the center of the rectangle. A player loses a turn when he rolls and cannot fit his rectangle on the gameboard. Game is over when neither player can draw a rectangle. Winner is the player with the most squares colored on the gameboard.
